Subject 2016 Annual General Meeting of Galenica Ltd.

88th Annual General Meeting of Galenica Ltd.: Shareholders approve all proposals submitted by the Board of Directors

At the 88th Annual General Meeting of Galenica Ltd. in Bern, shareholders approved all of the proposals submitted by the Board of Directors. The Annual General Meeting was attended by 386 shareholders, representing a total of 53% of the registered voting shares of Galenica Ltd.

The shareholders voted in favour of the proposals put forward by the Board of Directors on all items on the agenda: The Annual General Meeting approved the Annual Report and the 2015 Annual Financial Statements of Galenica Ltd. as well as the Consolidated Financial Statements of the Galenica Group for 2015 and discharged the members of the Board of Directors and the Corporate Executive Committee from liability for their activities in 2015. The Annual General Meeting also approved the proposal to renew the approved capital for a further two years.

Also approved was the dividend of CHF 18.00 (+20.0%, prior year: CHF 15.00) proposed by the Board of Directors, which will be paid to shareholders on 6 May 2016.

Remuneration Report 2015 and total remuneration for financial year 2017

The Remuneration Report was again submitted to shareholders for a consultative vote. The 2015 Remuneration Report was approved by more than 93% of the shareholders.

In December 2015, the intention to divide the Galenica Group in the fourth quarter of 2016 and transform the two Business units Vifor Pharma and Galenica Santé into two independent, listed companies was announced. It is not currently possible to provide any information on the level of remuneration for the time subsequent to this and particularly in the event that the division of the Business units cannot be implemented as planned in 2016 as a result of unforeseeable circumstances. Due to the provisions of law and the Articles of Association, the maximum possible remuneration of the Board of Directors and Corporate Executive Committee for the business year 2017 was therefore also submitted to the vote of the shareholders, with the same basis being proposed as for the financial year 2016.

The shareholders approved the proposed maximum total remuneration for 2017.
